I Marc E. Booker ^{TOC#} 2081564 hereby certify That all information and statement given is true and correct. to the best of my knowledge.

Since September 7th 2000. I have been isolated in Solitary Confinement in various institutions and multiple facilities. These confinements have only been interrupted during The Process of being transferred from facilities, either going to medical chain or to courts. The reasoning is unwarranted as I have maintained a clear disciplinary record. and have given NO reason to be housed as an animal at a Laboratory. In fact since 2007 I have had 0 cases. I've completed and complied with every program offered that was designed to allow me out of Solitary confinement such as GRAD. completed and went to Federal custody only to be returned to Solitary Confinement for NO reason. Completed The MHTOP Program in 2019. and still being told on list. next review only I Never see anyone only told Paper review. I've been Tortured, and dehumanized. Subjected to ~~PSY~~ Psychological and Physiological Tortures. Witnessed and endured The torment of others being Tortured around me. Had several instances of my Physical Health Jeopardized. Was Purposely given medications not Prescribed to me. and Then Told. it was an experiment. I Have documentation and records also show Medical distresses I've been

Subjected to.. There is an entire 'File' available on Medical Tortures. alone. I've requested multiple Times TO speak w/ mental Health and been blatantly ignored and refused Help. An example of medical mistreatment is about my Urinary Care. I have a nerve damage That affects my Bladder and requires me to utilize a self-Catheter. on Packages They Clearly State. Single use only. do NOT re-use or re-sterilize. yet while at michael unit I was allotted 1 catheter a day. and now on Robertson unit The Provider Gregory has told me I am only TO receive 1 catheter for a week. TO re-use some one over and over. I've filed Grievances on This. as well. The continuous isolation has created in me a Psychosis That when I Try TO Talk TO Someone I stutter and am unable TO speak if I am looking at Them I can only Functionally speak by looking off TO their side. I want Education and ~~that~~ Help. not stuck in a cage and forgotten.. I have relatively little time left approximately 8 yrs to re-enter society Help me to Prepare myself and learn TO Cope and Function in society not be a reclusive Anti social Person. I Am Human Treat me as one.. My crime is Possession of controlled substance.. NOT Violence why am I being Tortured and subjected TO Nearly 2 decades of continuous Solitary Confinement
